TO

THE THIRD VOLUME.

P—Z.

The first column contains the family names, and the inferior titles by which the peers were at any time known, as also their Scotch and Irish titles. The family name covers all clergymen, younger sons of peers, baronets, knights, and esquires, who became peers. The second column contains the highest titles, which are arranged alphabetically in this volume. This second list includes a few foreign titles by which English peers were anciently summoned to parliament.
